Overview

National Investment Company for General Trading

National Investment Company for General Trading has a long history of experience and success in diverse fields, including agricultural production, real estate, food and beverages, and high-quality consumer product agencies. Since its inception, the company has focused on providing distinguished products and services that meet the needs of the local and regional markets, while ensuring continuous development and strategic expansion to keep pace with growing demand. The following are highlights of the company's activities and investment portfolio.

Al Rawdatain Egg and Feed Production Company

Established in 2000 in the State of Kuwait with a capital of 2,000,000 Kuwaiti dinars (two million dinars) to produce fresh eggs through the company's farms in the Abdali Agricultural Area, which include nine production pens, three rearing pens, a feed factory, an egg collection, sorting, and packaging hall, and warehouses, each with a total investment of approximately 6,250,000 Kuwaiti dinars (six million two hundred and fifty thousand Kuwaiti dinars). By the grace of God, our production has reached 120 million eggs annually since 2010. Due to the increasing demand for our products, the company decided to increase production in 2024. The company also produces organic chicken manure through an organic fertilizer production plant imported from France, with an annual production of approximately 10,000 tons.
